

Art-Nr.: 49.81.9.024.0050

49.81.9 Finder Koppelrelais AgCdO

Sizes:

Technical Data:

contact material:

AgCdO

General technical Data:

Number of changeover contacts:	1
coil voltage:	24 V
ambient temperature:	-40 - +70 °C
version:	Standard
coil excitation:	sensitive
mounting:	spring clamp terminals
contact type:	changeover contact
Type number:	49.81
coil excitation:	DC
housing width:	15,8 mm
Options:	integrated LED
Options:	Freewheeling diode (+ to A1)
Continuous current (max.):	16 A
coil excitation:	(500 mW)
